

Pulse VPN2 Connection Instructions (Mac):

- The login is the same as Primary Cluster, please ensure you have your RSA Token.
- Below are the steps to manually add this new connectivity.

1. Open up your Pulse Secure Client -> File -> Connections -> add

2. Add connection screen insert VPN2-FULL and VPN2-SPLIT (Note: you will have to do this twice, once for each)[<https://vpn2.jpl.nasa.gov/full> ; <https://vpn2.jpl.nasa.gov/split>]
Click add, when finished

3. You will now see both Full & Split in your connection set now. Click Connect on the desired one, enter your credentials and you will be connected.
